

Contractors All Risk Insurance Policy

PROSPECTUS

This Policy offers comprehensive insurance cover for civil engineering projects where the value of civil works is more than 50% of the total contract value. The cover operates during storage, erection/construction till completion and the handing over of the works to the principal.

Scope of Cover

There are two Sections in the Policy.

Section I - provides coverage for the property lost, damaged or destroyed by any cause, other than those specifically excluded in the Policy, necessitating replacement or repair. The Policy will pay or make good all such loss or damage up to an amount not exceeding the sum specified in respect of each of the items and not exceeding in the whole the Total Sum Insured.

Section II - provides coverage towards:

- a) legal liability for accidental loss or damage caused to property of other persons
- b) legal liability for fatal or non-fatal injury to any persons other than the Insured's own employees or workmen or employees of the owner of the works or premises due to construction of any property.

The Policy also provides for payment of:

- All cost and or expenses of litigation recovered by any claimant from the Insured.
- All cost or expenses incurred by Insured with the written consent of the company.

Add on Covers: On payment of additional premium, the following coverages can be opted

- Provision for escalation
- Clearance and removal of debris
- Additional rate for express freight (air freight excluded) holiday and overtime rates of the wages
- Additional rate for air freight only
- Additional custom duty
- Construction machinery plants and equipments
- Loss due to breakage of glass
- Storage rate at fabricators premises/workshop
- Maintenance visits and extended maintenance cover

Sum Insured

The Sum Insured selected under Section I should represent total contract value including the estimated cost of labour charges and cost of materials but excluding profit. The cost of materials supplied by the principal is to be declared separately.

In case of long tail projects, there is bound to be escalation in prices. The basic Policy will pay only as per the original cost and prices. However escalation clause can be opted for, under which escalation upto 50%, can be selected to take care of such increase in prices.

The Sum Insured under Section II should represent the per accident limit (the maximum legal liability that may fall on the Insured as a result of an accident in the insureds site). The limit per Policy period should be fixed taking into account the maximum number of such accidents which can reasonably be expected to occur.

Premium

Premium would be charged based on following factors:

1. Scope of work
2. Period of insurance (computation of premium for total period of insurance)
3. Sum Insured
4. Excess
5. Add-on covers.

Basis of Indemnity

In the event of any loss or damage the basis of any settlement under the Policy shall be -

- in the case of damage which can be repaired the cost of repairs necessary to restore the property to their condition immediately before the occurrence of the damage less salvage.
- in the case of a total loss, the actual value of the property immediately before the occurrence of the loss less salvage.
